BE IT RESOLVED THAT: ***(Please print or attach your resolution here. Any WHEREAS clauses or supporting statements should be included on the back of this form.)***

Climate change being a serious threat to Minnesota, the DFL supports the phaseout of all forms of electricity generation that add climate-changing gases to the atmosphere. Fuel combustion should be phased out as rapidly as possible in favor of wind, solar, and other zero-carbon sources (But not including nuclear). We support a revenue-neutral carbon fee and dividend to support this transition.
